

# Charette 2 – Library Design Exercise

(Photo Record of Group Drawing Sketches and Discussion)

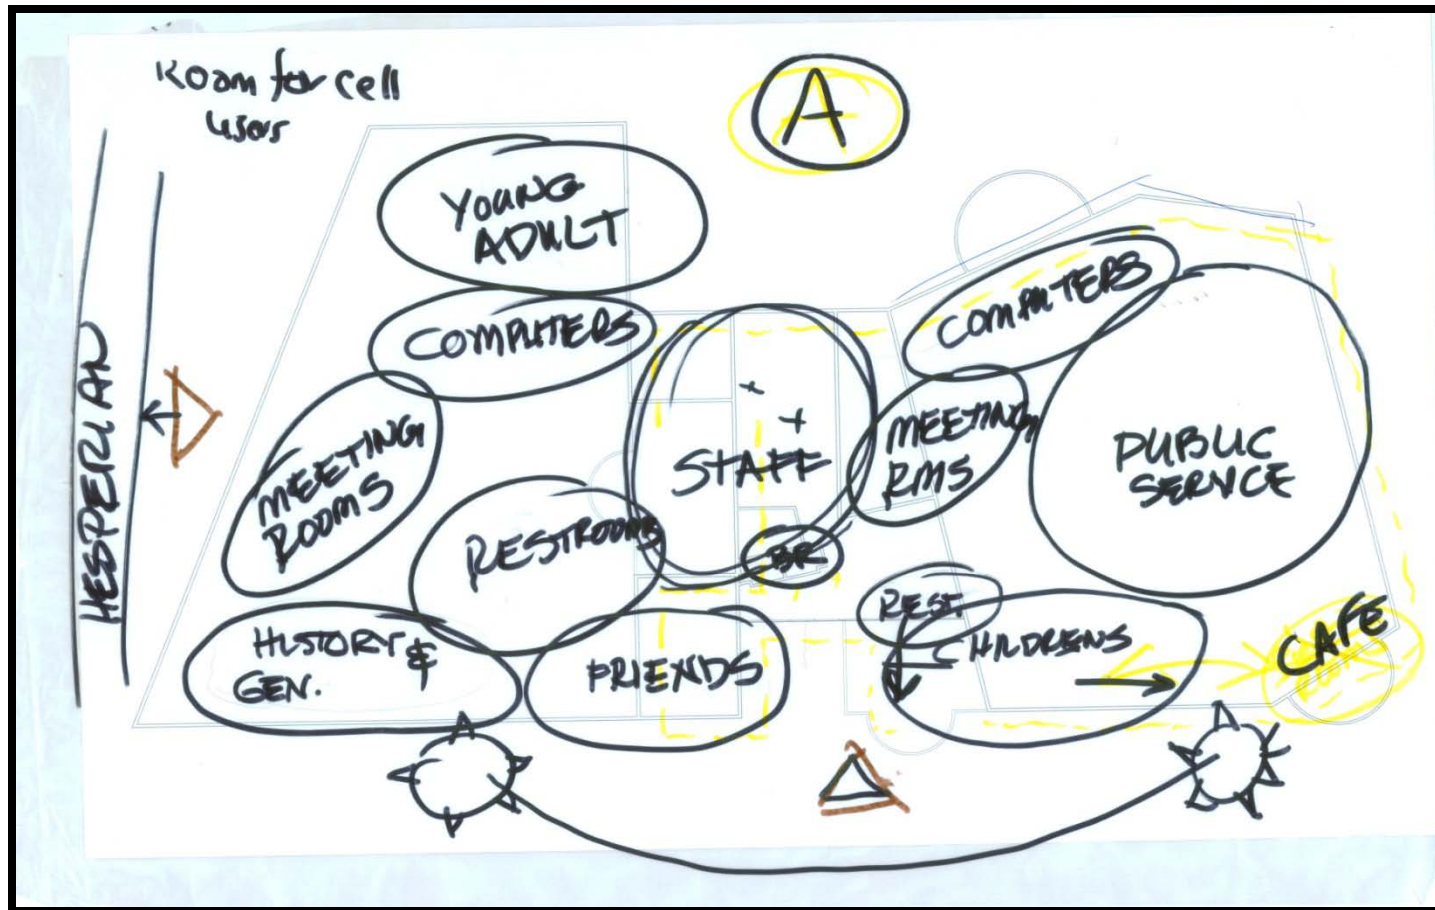

## **Summary:**

- VBN Architects led the attendees to form groups to design their library.
- Four groups were formed: Group A, B, C and D.
- Groups were instructed to sketch and draw a desired library plan on the given footprint of the new building, with any criteria the group believes is essential and desired by the community.
- The Groups spent approximately 30 minutes to sketch their desired library plan.
- The sketches were then taped to the wall and a group appointed representative came up and presented their criteria and ideas for the future library design.

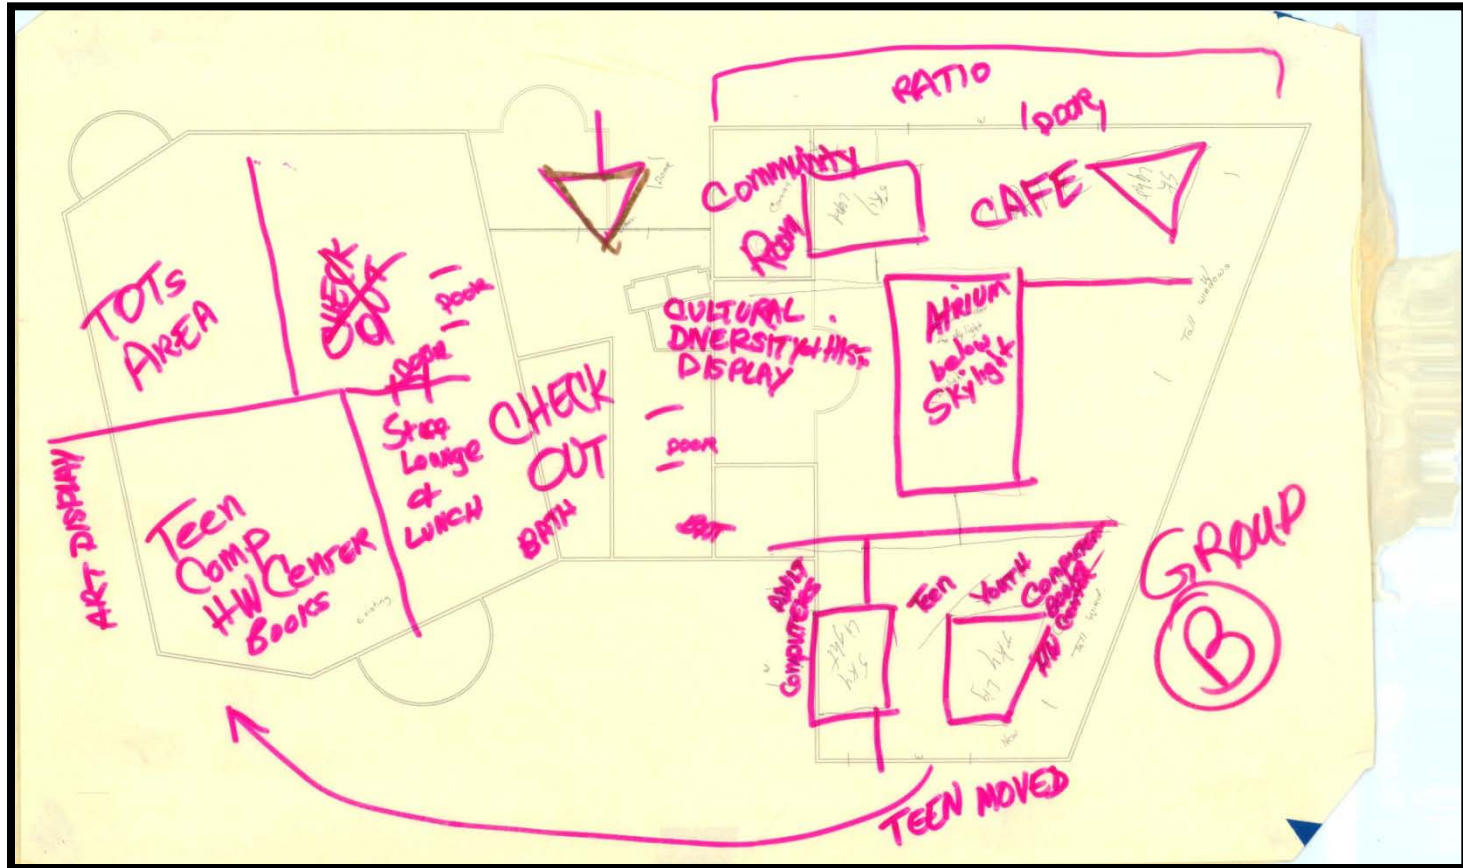

## **Associated Documents:**

- Final Presentation to CAC's Ashland, Cherryland and San Lorenzo in April/May 2010.
